1941 for \$1,568,766.

NOTE 2—Tobacco Products Corporation of Delaware (dissolved on October 26, 1939)  
is being liquidated by a receiver appointed by the Delaware Court of  
Chancery. The receiver reported that the assets of the Corporation in his  
hands, as of December 31, 1940, consisted of cash in the amount of \$14,820 and  
all of the stock of Tobacco Products Corporation of New Jersey.

The value of the stock of Tobacco Products Corporation of New Jersey  
is contingent upon the amount of taxes which may be payable by that cor-  
poration upon \$36,286,128.85 received from American Tobacco Company in  
commutation of a lease in January, 1935. On June 7, 1937 the Treasury  
Department assessed \$4,967,890.40 as tax, penalty and interest against  
Tobacco Products Corporation of New Jersey and demanded and received,  
on account of the tax so claimed, that company's cash balance of \$725,638.27  
which was its only asset. The Treasury Department has subsequently taken  
the position that certain inactive subsidiaries of Tobacco Products Corpora-  
tion of New Jersey also realized a taxable gain upon the commutation of such  
lease, and that Tobacco Products Corporation of New Jersey is liable both for  
an alleged deficiency in its own income tax (asserted to be \$3,776,723.70 less  
the \$725,638.27 already received by the Treasury Department) and also, as  
transferee, for alleged deficiencies in income tax of such inactive subsidiaries  
(asserted to be \$4,541,315.46), together with interest. The amount of and  
persons liable for payment of any such taxes have not been finally determined.  
See also Note 4.

10,140,574.37

248,672.00

EARNED SURPLUS SINCE JANUARY 1, 1937, per statement attached ....

NOTE 3—In the opinion of counsel neither the provisions of the Corporation's certificate of incorporation nor the statutes of Delaware create restrictions upon surplus growing out of the fact that upon involuntary liquidation the preferences of the preferred and Class A stocks exceed their respective stated or par values.

NOTE 4—On account of the alleged deficiencies in income tax of Tobacco Products Corporation of New Jersey and certain of its inactive subsidiaries, arising out of the commutation of the lease referred to in Note 2, the Treasury Department has asserted liability against United Stores Corporation for \$3,051,085.43, plus interest, as transferee of the assets of Tobacco Products Corporation of New Jersey, and \$4,541,315.46, plus interest, as indirect transferee of the assets of such inactive subsidiaries. The amount, if any, of any such alleged deficiencies has not been finally determined and the matter of liability of United Stores Corporation on account thereof is now pending before the Board of Tax Appeals. While, in the opinion of counsel, United Stores Corporation is not liable for such alleged deficiencies, negotiations are being carried on in an attempt to reach a settlement of the liability asserted against it. No provision has been made in the above balance sheet for any amount which may be paid in any settlement or any liability which may be established.

NOTE 5—United Stores Corporation is a defendant in certain actions for damages involving past transactions, which the corporation believes to be without merit. No provision has been made in the above balance sheet for any liability which may be established or any further legal expense which may be incurred in the defense of such actions.

*To the Board of Directors of*

UNITED STORES CORPORATION:

We have examined the balance sheet of United Stores Corporation as at December 31, 1940, and the statements of income and expense and surplus for the year ending on that date. In connection therewith, we have examined accounting records of the Corporation and other supporting evidence, have obtained confirmation of the cash in bank and of the securities pledged against the bank loan at December 31, 1940, and have counted the other securities and cash.

In our opinion, except as to the questions mentioned in the balance sheet Notes 2, 4, and 5, on which we are unable to express an opinion, the accompanying balance sheet and related statements of income and expense and surplus present fairly the position of United Stores Corporation at December 31, 1940, and the results of its operations for the year ending on that date, in conformity with accepted accounting principles applied on a basis consistent with that of the preceding year.
